

Questions to Consider During Data Analysis

What are general impressions about the lesson taught?

Are there any patterns observed, positive or negative?

What occurred in the classroom and when?

Did the instructor demonstrate particular areas of strength, that can be reinforced, as related to the South Carolina Teaching Standards 4.0 Rubric?

Are there areas for potential refinement as related to the South Carolina Teaching Standards 4.0 Rubric?

How well did the instructor meet the objectives of the lesson?

What are the major “take-aways” the mentee should glean from the conversation?
